

Use "PEEL" to complete the writing task: Remember to write full sentences not dot points.

1. What project are you doing?
2. What materials/tools are you using?
3. How did you complete it (the steps)?
4. What parts are you proud of and why? What parts do you want to change and why?
5. What knowledge (maths/science/engineering) have you learnt?

If you have completed the above task, please make a PowerPoint based on your writing.
